

Readme - Room Booking System

Docker Commands to run the application

```
docker pull shlokasapru/initial-app:qdemy-booking-server
```

```
docker pull shlokasapru/initial-app:qdemy-booking-client
```

```
docker run -it -d -p 8080:8080 shlokasapru/initial-app:qdemy-booking-server
```

```
docker run -it -d -p 4200:4200 shlokasapru/initial-app:qdemy-booking-server
```

Open a browser at localhost:4200

Now, the following UI will be showed

UI Screens:

Login

The login screen features a dark background with a blurred image of a person using a laptop. In the top left corner is the Sardar Patel Institute of Technology logo. The header text reads "Sardar Patel Institute of Technology" and "Online Room Booking System". In the top right corner is a "Register" link with a user icon. The login form consists of three white input fields: "Enter your Email ID", "Password", and a "Login" button.

Register

The register screen has the same header and background as the login screen. The registration form includes four white input fields: "Enter your Email ID", "First Name", "Last Name", and "Password", followed by a "Register" button. The "Login" link in the top right corner remains visible.
